Profile

Front-End Developer focused on building responsive and interactive web applications with HTML, CSS/SCSS and modern JavaScript. Experienced in MVC architecture, application state management, client-side routing, reusable UI components and complex user interactions. Built and deployed a complete e-commerce application as a personal project, including product filtering, sorting, search, pagination, shopping cart, wishlist, comparison, forms and responsive UI. Currently expanding my skills in React and modern front-end development.

PROFESSIONAL EXPERIENCE

Oblak Technology (Kyocera SLA Printers)

Printer Repair Technician
